Business:

Discussion of Stray Cats and Snip Tip Chip Program

Mark Kumpf with the Montgomery County Animal Resource Center gave a brief presentation on the Snip Tip and Chip Program regarding the stray cat problem. This program would be funded by grants and possibly no charge to the resident. It would help with the growing cat population. The consensus of Council was to move forward with the program and provide more information as it is available to Council.

Background Checks

The Law Director briefly reviewed the information from the OMLA regarding background checks on all personnel and volunteers for Boards and Commission. Council and Staff discussed the issue and would like additional information for a later discussion.

Discussion of Wetzel Property

Council and Staff discussed the Wetzel Property and the location of the property being partially in German Township and in the City. This is causing the owner issues with selling the property. Staff will meet with the owner of the property to discuss the options.

There being no further business to come before the Council, Mr. Koogle moved to adjourn the meeting.

The work session was adjourned at 8:07 p.m.

Respectfully Submitted,
