**BUSINESS:**

**Lead and Copper Abatement and Reporting-Unfunded Mandate from EPA**

Staff and Council discussed the mandates that will need to be done in the future. Unfortunately, these tests will not be funded by the EPA and the City will need to make adjustments in our budget to cover any costs. The initial report will be due in October for service line material and by 2037 all lead service lines must be replaced in the city limits.

**Discussion of Street Paving Program for 2024**

Staff and Council discussed the options for the 2024 Street Paving Project. They chose Farmersville Pike and Southbound Cherry Street.

**Discussion of Fuel Surcharge for Rumpke**

Staff, Council and the Rumpke Representative discussed a solution to the fuel increase situation. Rumpke has found a solution and will amend the current contract so that the fuel charge is no longer an additional charge.

**ADJOURNMENT:** There being no further business to come before the Council, Mr. Kuhn moved to adjourn the meeting.

The work session adjourned at 7:51 p.m.

Respectfully Submitted,
